Discussed with Raghu, Sandeep, Dileep and Udit

- Omaxe — invoice processing. Discussed with **Raghu, Sandeep, Dileep** and **Udit** (main director of the department).
- Point 1: **API integration for PAN & GST compliance.**
- Integration to be done through a **3rd party ISP** — easy to be done.
- **MSME certification and its category** — manufacturing / trading / services.
- **CIN number verification.**
- **Payment due date setting (?)**.
- **TDS calculation logic** — for compliance.
- **GST filing report of vendors.**
 - Validation on **invoice number** and **GSTR-1 copy**.
- **GST filing by Omaxe**, for cases where Omaxe is the vendor.
- **Master creation**, plus **real time for critical data points** (API led).
- **Payment terms master** — against the terms mentioned in the invoice / PO.
